Education

Banha University   Sep. 2020 – May 2024
Bachelor's in Computer Science   *Qalyubia, Banha*

Relevant Coursework

- Data Structures & Algorithms
- Software Methodology
- Database Management
- Artificial Intelligence
- Operating Systems
- Systems Programming
- Web Development

Internships

Information Technology Institute (ITI)   Nov 2024 – Apr 2025
PHP Full-Stack Internship   *Al Minufiyah, Shebin El-Kom*

- Enhanced and deployed full-stack applications using **PHP, Laravel, MySQL, JavaScript, and Angular**, boosting performance by 30% and user satisfaction.
- Engineered secure and scalable frontend/backend solutions, reducing error rates by 25% and streamlining processes.
- Collaborated with an agile team to deliver 5+ projects on schedule, increasing workflow efficiency.

Creativa   Aug 2023 – Sep 2023
Software Testing Diploma   *CREATIVA Menofia*

- Mastered software engineering fundamentals and **ISTQB Foundation Level** concepts.
- Executed comprehensive manual testing and designed 50+ test cases (including API tests with Postman).
- Led 2 testing projects, improving defect detection by 40% and reducing resolution times.
- Validated SQL databases to achieve 99.9% data integrity.

Projects

Cafeteria Management System | *HTML5, CSS3, JavaScript, MySQL, PHP*   Jan 2025

- Enhanced a web-based system to streamline order processing and inventory tracking.
- Designed an interactive UI for customers to place orders and view menus.
- Built a secure MySQL database to store orders, menu items, and transaction history.
- Implemented PHP backend logic for order processing and authentication.
- **GitHub:** Cafeteria

Wazzaf (Job Portal) | *Laravel 11, Bootstrap, MySQL*   Feb 2025

- Improved a job portal connecting job seekers and employers with a seamless application system.
- Built features for user authentication, job search, and application submission.
- **GitHub:** Wazzaf

E-commerce Website | *HTML5, CSS3, ES6*   Dec 2024

- Designed and expanded a responsive platform with an intuitive shopping experience.
- Implemented features including product listings, shopping cart, and real-time filtering.
- **GitHub:** ESproject

Technical Skills

Languages: PHP, JavaScript, TypeScript, HTML, CSS, SQL
Tools: VS Code, Git, GitHub, phpMyAdmin, Postman, Composer, NPM, Docker
Frameworks: Laravel, Angular, MySQL, Bootstrap, jQuery, AJAX, WordPress

Additional Information

Spoken Languages

- Arabic (Native)
- English (Professional)
